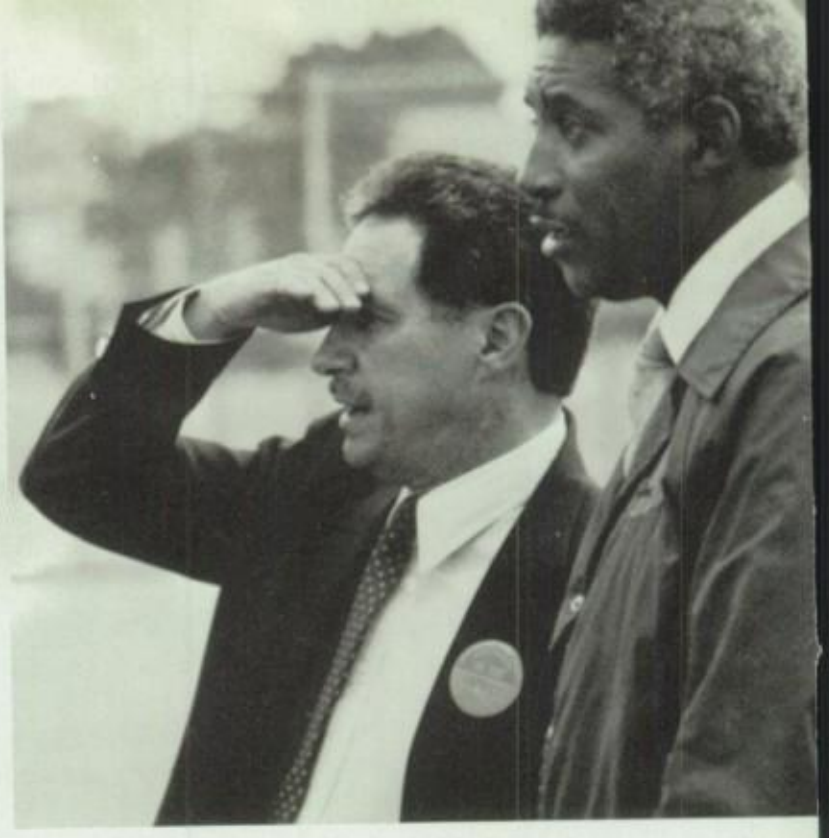
MIXING THE ART AND THE SCIENCE OF EDUCATION



GEORGE J. McKENNA, III PRINCIPAL

The academic year 1985-86 was filled with many exciting moments, some positive and others quite tragic. From the tragedy of the space shuttle, to the freedom from oppression of the Phillipine Islands, the world changed before your eyes. The importance of these events is made significant by the relationship which we at Washington Prep have with the outside world. As seniors, you will be leaving us to venture into that world, and we have done our best to prepare you for this eventuality. The test of whether or not we have been successful, will lie not only with your personal academic and economic, successes, but with the good works you do on behalf of others who are in need of your assistance. Of all of the things we have tried to teach you during your tenure at Washington Prep, the most important is our school motto, "We Are Family."

You are not only a member of the Family of Washington Prep, but the greater Family that lies outside, beyond the school walls. You must place yourself in a position to make this a better world for all of us, and it is my hope that you will temper your passion with **compassion** for others, and that your creativity will be accompanied by a **conscience,** which dictates a concern for the welfare of other Family members. If you are to be a great leader, you will only do so by **service** to the Family, for only in this service do you establish yourself as worthy to lead. We cannot succeed alone in this world, and our sense of neighborhood, togetherness and unity, must play a major role in our future activities.

Do you know the future when you see it? If not, you have but to look in a mirror. It **is** you, and the quality of life for all of us is directly dependent upon the quality of education which you received here at Washington Prep. I feel confident in your ability, and I know the future is in good hands. You were a **great** class, and only through the continuance of this greatness will you be able to further the teachings of peace, justice, equality and non-violence, which will set all of us free.

Congratulations class of 1986. You have done well. You deserve to be proud, and we are also proud of you.

LARRY HIGGINS
ASSISTANT PRINCIPAL

As the 1985-86 school year draws to a close and we Washington Prep reflect on the continued success of ur school, it is the student body that should never orget about the many problems in the community that onfront young people in their daily lives. Drug Abuse, eenage Pregnancy, Child Abuse and the decline of the amily unit are all formable foes which impede life, learn-ng and the will to succeed. Your parents, ad-ninistrators, counselors and teachers have continually mpressed upon you the importance of an education in our daily lives.

As a student of Washington Prep you have been pro-ided with the academic and social tools to deal effec-ively with the above problems. The capacity to solve hese problems rest within the hearts, minds and deeds of those Washington Generals who are willing to commit themselves to making their lives and the lives of others around them better.

Attending and/or graduating from an excellent educational institution is somewhat meaningless unless excellence can be demonstrated through the noteworthy deeds of those who have graced the halls of the institu-tion. **You have been provided with the tools, it is now your task and responsibility to go forth and improve yourself, your community and the world you live in by continually showing disdain for mediocrity and always striving for Excellence.**

YVONNE MASON
ASSISTANT PRINCIPAL

TO THE GRADUATING CLASS OF 1986 — ACCEPT THE CHALLENGE

Graduating from Washington Preparatory High School is an honor and a priviledge.

Throughout the 1985-86 school year Washington Preparatory High School received calls from many different types of organizations offering speakers, programs, grants and scholarships for our students and teachers.

Approximately 350 members of your class will receive grants and scholarships to further their education.

Sixty speakers from the Youth Motivational Task Force have come this school year to provide you with information and encouragement from many professions and trades. You have not only been provided with a good educational foundation at Washington Preparatory High School, you have also received outstanding career and college advisement.

All of these services offer you a challenge to go out into the world and let Washington Preparatory High School be just the beginning of your education. Accept the challenge to continue your education. Accept the challenge to become successful, productive citizens. Accept the challenge to improve the world in which we live. Accept the challenge, you are the future of your community, country ad the world.

FLORA MARTIN, HEAD COUNSELOR

I am pleased to be able to share in your achievement at this time. Certainly, graduating from high school is an accomplishment of which you can be proud.

The education that you have acquired and the goals that you have reached so far reflect certain important choices that you have made as you have proceeded in particular directions. You have made decisions about studying, attending class, conduct, using your time, and selecting colleges and careers.

It is important that you recognize that thinking, planning, and taking appropriate action have resulted in your arrival at this point in your lives. You have been able to proceed through experiences of success and failure with patience, without being discouraged by disappointments.

I sincerely hope and expect that you will continue to move successfully through life's journey "one step at time, but always forward."

SUE SPEARS, ADMINISTRATIVE DEAN

As we come to the end of another school year, it is hard to believe that it has been three to four years since the first Zenithian arrived at Washington Prep. The leadership developed by this class has done much to establish a favorable reputation for Washington Preparatory High School. For this, we congratulate you for your efforts and wish you good luck in the future.

You have learned many things while enrolled here — facts, dates, foreign languages, scientific laws, and vocational skills, But as you leave us, we hope you have learned some of the most valuable lessons — love of self, love of others, ambition, compassion, motivation, and perserverance.

Set your goals high, work hard, and success can be yours.

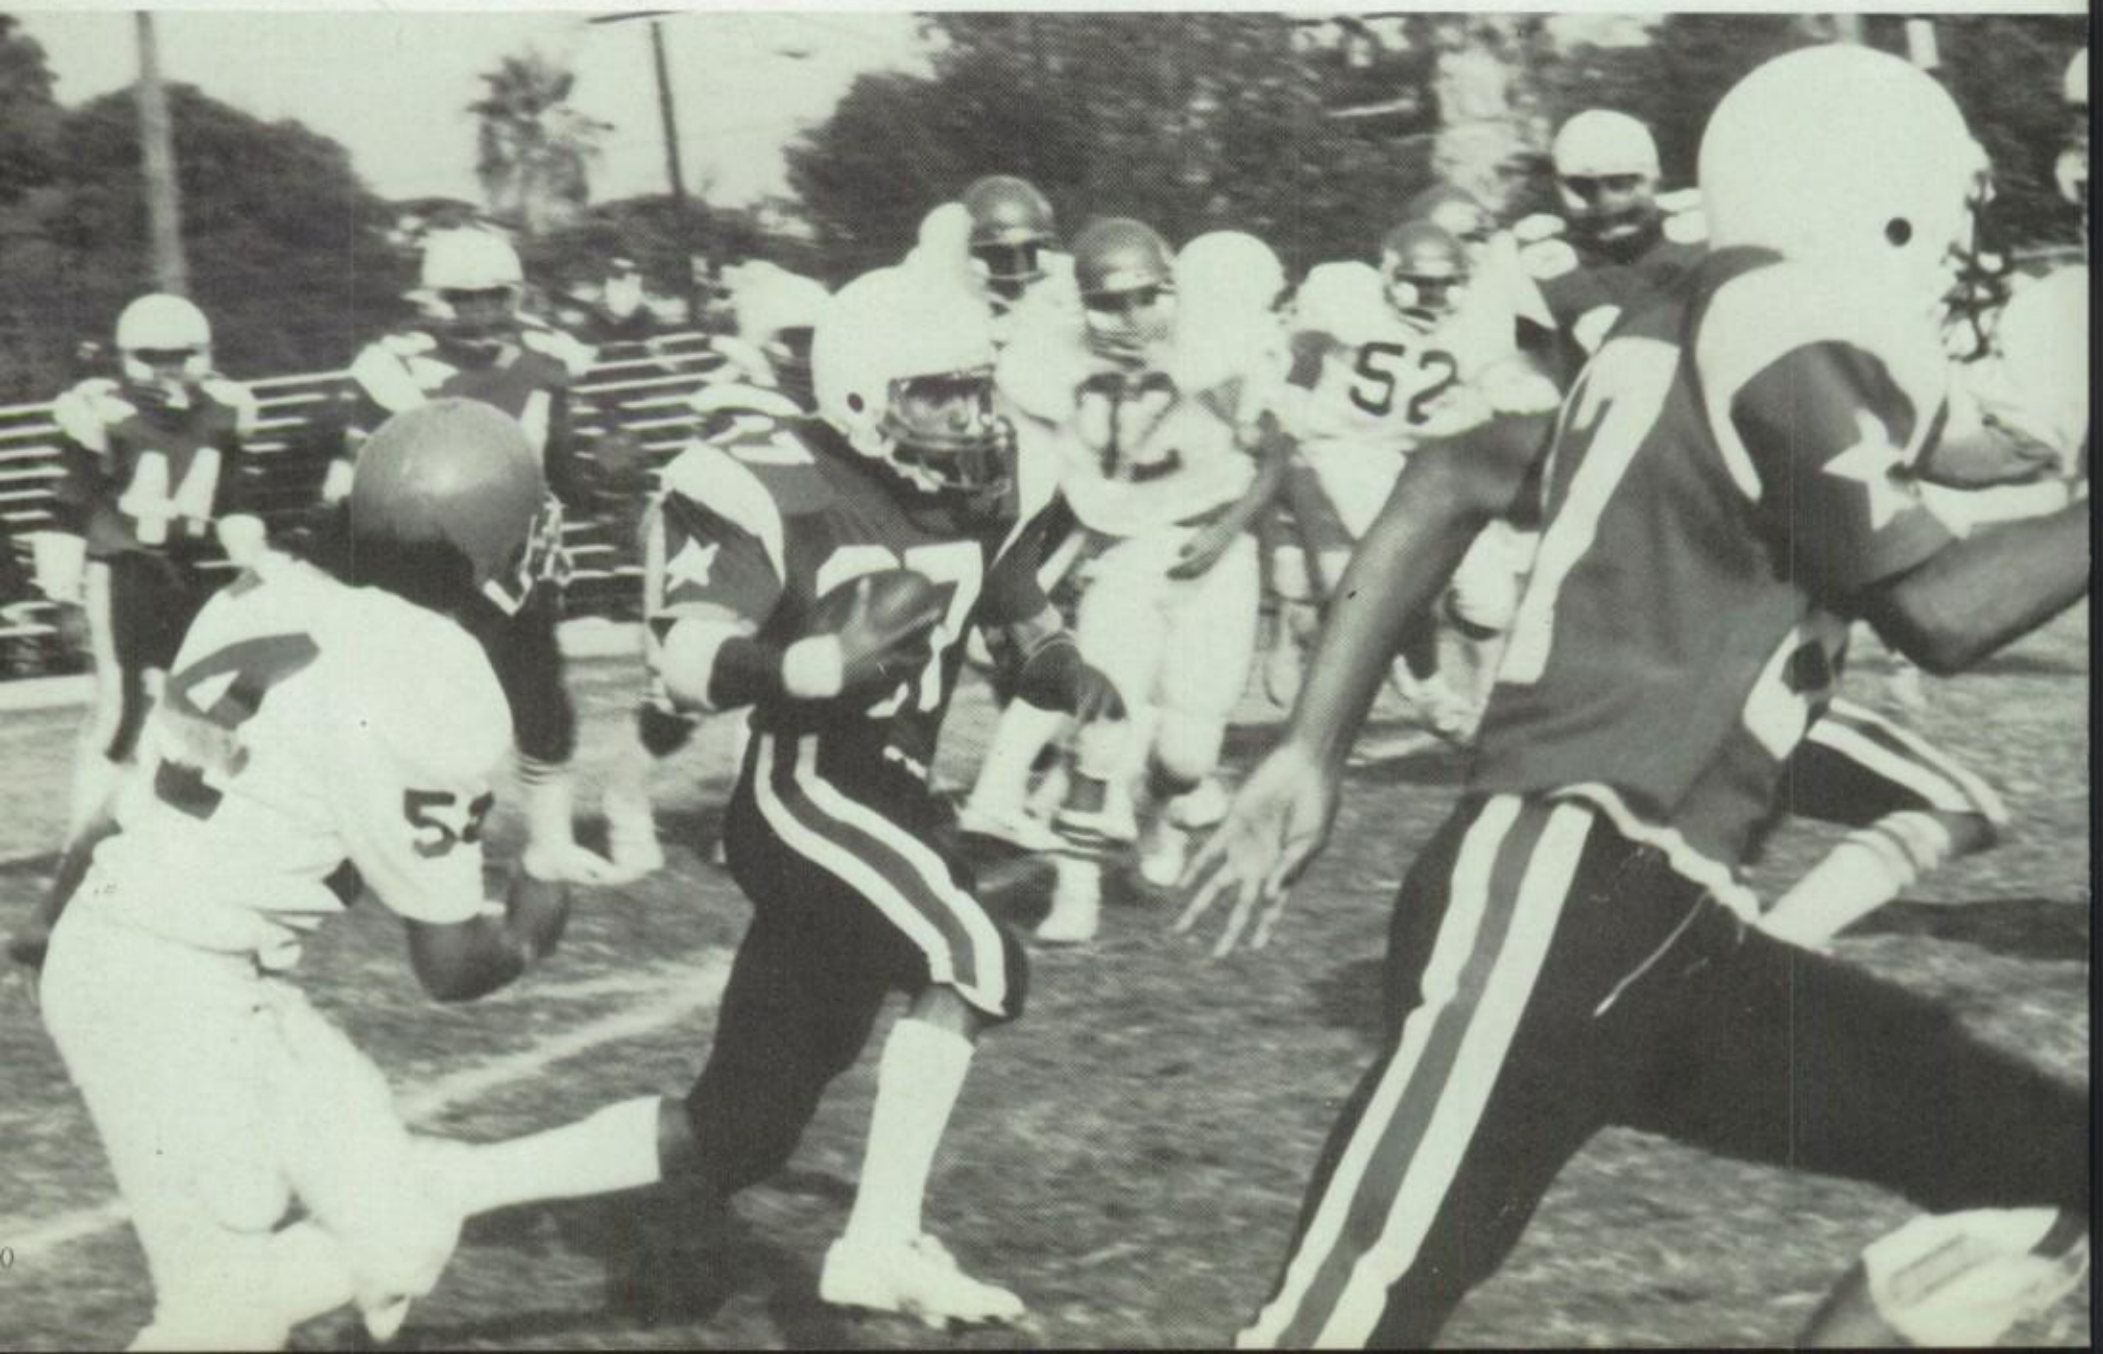
KILLER BEES ON THE RUN



The Mighty Killer Bees of Washington Prep Wrap Up a Killer Season

With another league championship under their belt, the Washington Preparatory High School Bee football team can walk proud for one more year. Last year's impressive record of 8-2-0 was outstripped by a perfect 10-0-0 this season. There can only be one league champion, and the Prep is establishing a winning tradition under the guidance of Coach Skip Dyer.

In a helmet cracking, rough and tumble league like the bees compete in, coming away undefeated is a major accomplishment. Our Bees dominated though with an amazing 356 points scored through aggressive play and top flight coaching all season long. The killer's formidable offense was rivaled by a defense that allowed only eight points all season.

Coach Dyer has stated that this year's Bees are one of the best teams he has ever coached. That is quite a statement considering that in 1971 as a varsity coach at Jordan High, his team posted a perfect league record. They were undefeated, unscored on, and untied: he called this his three "uns". He also reminisced about his first year of coaching back in 1958 when his Louisiana team went undefeated. That same season they set a national single game scoring record for high schools by running up 87 points to zero one afternoon. After six years of coaching the Bees here at Washington Prep, Coach Dyer has never suffered a losing season, and in four of the last five years he has fielded league champs.

Standouts among the Bee's outstanding offensive players this year were: Johnnie Reed, an eleventh grader who rushed for 1150 yards; Kim Brown, a ninth grader, with 753 yards; and Reginald Brookens, a tenth grader gained 423 yards and made nine receptions for another 132 yards. The players in the trenches who made it possible to rush for all those yards are the offensive linemen coached by Coach Mac, who once played under Coach Dyer here at the mighty Prep. Larry Hall and Brian Bridgewater, both tenth graders were All-League defensive linemen last year. Joseph DeCuir, an eleventh grader who only weighs 142 pounds served as the team's center. Coach Dyer feels that pound for pound DeCuir is one of the smartest and toughest players (Varsity or Bee) he has ever had the opportunity to coach.

Coach Dyer spoke glowingly of his mighty Killer Bee's defensive unit led by Dedric Varnado, an eleventh grader who has led the team in interceptions for the last two years. Ferguson is a twelfth grader, and one of the best free safeties around. Then there is Shaidie Deayon, a tenth grader who had never played in the secondary before, but went on to be the most improved defensive back on the team for 1985. What about linebackers and the other players coordinated by Coach Gill? Well, they were great too, and were led on the field by Deryl Gustave, a tenth grader who was All-League last year and is sure to repeat this time out.

Coach Dyer believes in his outstanding staff, and is very pleased with their coaching results. He also feels that a key to the success of this year's team was their ability to keep six of last year's players; usually 98% of his Bees move up to the Varsity level.

So buff up this summer gentlemen, because the Varsity can always use "a few good men."

LADIES BASKETBALL

The 1985-86 Washington Lady Generals basketball team reached the pinnacle of success by playing for the L.A. City Championships. The girls ended the season with a record of 23-5, which was the best in school history. They won the Mid-City league which is the toughest in the city, and won trophies at both the Artesia and Morningside Tournaments, the two strongest in Southern California.

Some highlights of the season would include: an opening victory over Jefferson with a wholloping 88-28 score, and defeating St. Joseph's (Lakewood) to win the Consolation Prize at Artesia. Next our girls whipped Morningside in a first ever victory over their team with a score of 52-43. Then they corraled Crenshaw 68-54 to take the league lead. They then edged Westchester with a 37-35 win, and the girls won their first league title. A fantastic 60-56 win over Westchester in the play-offs qualified them for the Sports Arena. By stifling Banning with 48-31, we got our shot at the city title.

ACADEMIC EXCELLENCE

The Washington Academic Decathlon team competed against 53 other schools in a contest of knowledge and ability in 10 subjects, including economics, fine arts, language and literature, math, social studies, science, essay, speech, interview, and the "superquiz" on immigration. Our six stars were Honor students (3.75-4.00) Francisco Lopez and Travis Dixon, Scholastic (3.0-3.75) Donnell Goolsey and Billy Hull, and Varsity (2.0-3.0) Tonie King and Nancy Taylor.

The team won many awards in its highest finish ever. A bronze medal in the superquiz was the highlight of the competition for the members and spectators. Other awards were: Francisco Lopez — Gold Medal (Social Studies), Bronze Medal (Speech) Donnell Goolsey — Bronze Medal (Interview), Honorable Mention (Essay), Honorable Mention (Speech), Toni King — Honorable Mention (Economics), Nancy Taylor — Decathlon Coaches' Scholarship Award (100.00).

The team was aided greatly by alternate Sherona Garrett, manager Kimolin Hamilton and researcher Linda Lampley. These students, guided by coach Phil Chase, worked diligently for months and were rewarded with the aforementioned results — an unprecedented achievement for Washington!

A RAISIN IN THE SUN

What happens to a dream deferred?
Does it dry up
Like a raisin in the sun?
Or fester like a sore —
And then run?
Does it stink like rotten meat?
Or crust and sugar over —
Like a syrupy sweet?

Maybe it just sags
Like a heavy load.

Or does it explode?

MR. DAVID BONNEAU

ZENITHIANS

You have reached the end of the General's Path. You have climbed up the trail, sometimes steep and hard, sometimes level and enjoyable, of classes and activities.

Now you are at the top, you can look back with pride and satisfaction at how far you have come.

But you must look ahead too. There are other paths before you, paths leading to college, career and family. I hope that the experience you have received on the General's Path will help you travel new roads.

MRS. ANITA LUCKIE

SENIORS

It has been a pleasure working with you this year. You've made it!!! Now, the best is yet to come. The goals that you have set, require determination, committment, discipline, and fortitude. With all the struggles, however, you will have the satisfaction of knowing that you have succeeded. God bless you, Generals.

TALK ABOUT CORNE! THIS TAKES THE CAKE!!
END TRENDS.

186.
F.C.H.

High school fashion is so crazy.
Wearing other people's,
Name and famous labels.

Trying to stay in style.
Just makes the rich smile.
Student's don't care.
They just want to be in style.

BY: CARNITA JONES

Fashion, trends, and fads, they come and go!

From Jordache to Sasson,
Gucci to Louis Vuitton.

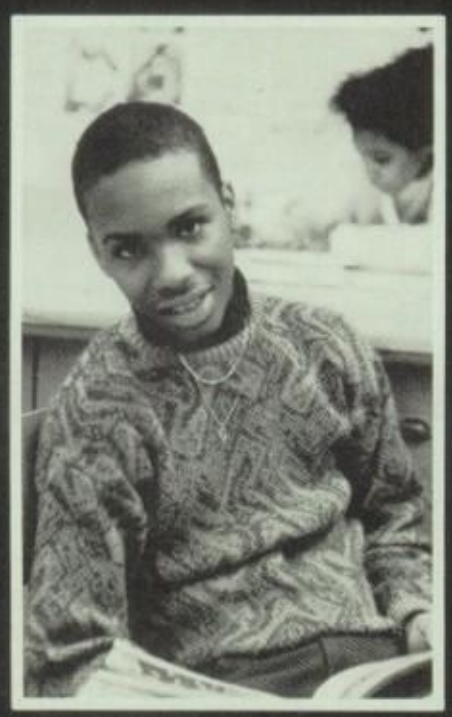
Swatches are in and platforms are gone!

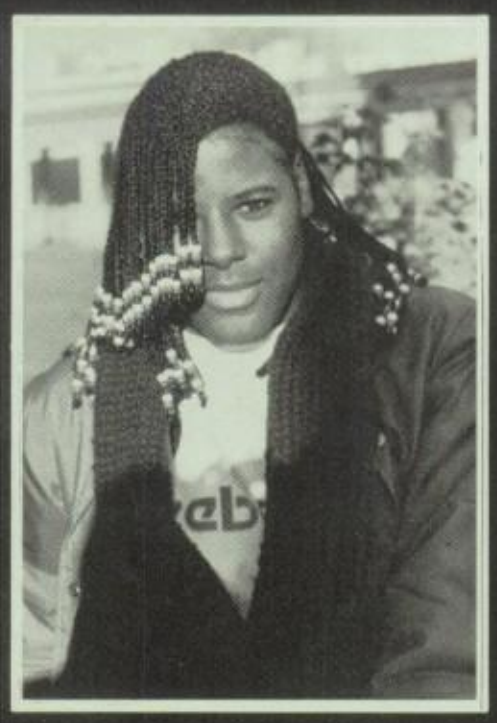
From Reeboks to Guess,
Diadora to the best dressed.

Paisley are in and bellbottoms will never be again!

Fashions come and fashions go, where they go, no one will ever know!

BY: DEREK HUBBARD





Fashion in a flair.
It's in the air.

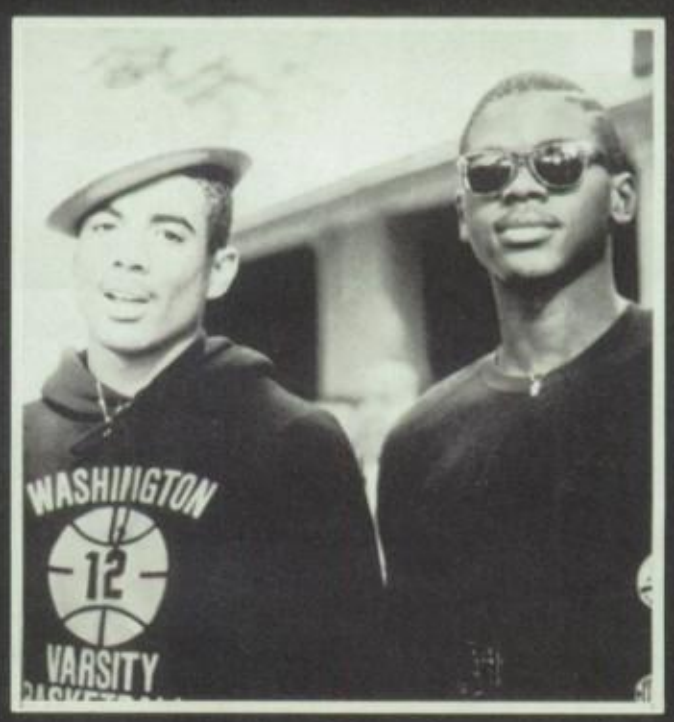
They love to buy.
What's in time.

It comes and goes.
It came and went.

It's funny when you see.
All of the money you've spent.

Just because you have all of the latest.
Doesn't mean you're the greatest.

BY: CHARMELL FARR



Fashion is crazy.
Fashion is fun.
It always keeps your
Imagination on the run.
Try and catch it.
If you can.

PAMELA McGEE'S TEN COMMANDMENTS "FOR SUCCESS"

1. ***BELIEVE IN YOURSELF***
   - *You Master Your Own Destiny*
2. ***BROADEN YOUR INTELLECTUAL HORIZONS***
   - *Education Is A Perpetual Process*
3. ***HAVE INTESTINAL FORTITUDE***
   - *The Race Is Not Won By The Swiftest Or The Strongest But He Who Endures To The End*
4. ***STRIVE FOR PERFECTION***
   - *Don't Be Satisfied With Mediocrity*
5. ***BE GOAL ORIENTED***
   - *Set High Goals, Know What You Want Out Of Life And Go After It*
   - *Be A Dreamer*
6. ***DON'T BE AFRAID TO FAIL***
   - *Failure Is The Footstool Of Success*
   - *Success Consists Of Getting Up One More Time Than You Fall*
7. ***BE HONEST***
   - *Trust Is The Essential Element To All Relationships*
   - *Trust Can Only Be Earned Through Honesty*
8. ***FOLLOW THE GOLDEN RULE***
   - *Do Unto Others As You Would Have Them Do Unto You*
   - *Believe In The Universal Law, What Goes Around Comes Around*
9. ***ACKNOWLEDGE OTHERS' GOOD WORKS***
   - *Always Take Time Out To Say "Thank You," "Good Job," Or "I'm Glad You're In My Life"*
   - *"Mom And Dad, 'I Love You'"*
10. ***BELIEVE IN GOD***
    - *God Is The Substance Of Our Lives That Gives Us Perspective To Survive In This World.*
    - *God Gives You A Talent And Expects For You To Develop It*

BOUND FOR COLLEGE

Eighty percent of our graduating seniors attend college because in today's society a high school diploma is barely adequate.

Application and acceptance into a college can be rather complicated, but our excellent College Office staff can be very helpful in simplifying that process.

Because preparing for college entrance does not begin in one's senior year, our College Office is open to students of all grade levels.

Our College Office offers valuable information about colleges such as: test dates, deadlines, scholarships, college catalogues, and financial aid.

The College Office also sponsors tours to major universities and colleges, so don't wait until the fall of your senior year to meet the staff. You just might miss out on something big!

I really like this page that's why I'm signing. Here. It's been a great time knowing you. You are a really sweet person. also I do commend you on your physical up keep. That you take a lot of pride in clothes, nails etc. I just really like all the attitude. Nothing less yourself. Such as I want to say Don't let this because you deserve the ups to come because you have to BIG of a future for yourself to spoil it. Love

Ya Jessi J.

Mia,
You know
I'm gonna miss
you. Just think,
we've been
school, and we've never really
got to talk to each other. I'm
glad we've gotten to know
each other so close in these past
three years. Just in case
I'm always saved for
you are very much so one of those people. I'm gonna
stop here because I feel myself getting emotional.
